Ventura Downtown Lions Club
Tradition of Community Service

Our club represents a cross-section of the community dedicated to providing assistance to individuals and community organizations in need of support.

We are a club rich in history and tradition. The Ventura Downtown Lions Club, originally called the Lions Club of Ventura, was chartered on April 27, 1923 by such visionaries as Fred W. Smith (president 1933-34) who went on to become President of the International Association of Lions Clubs in 1947-48; and Erle Stanley Gardner, famous attorney, writer, and "father" of Perry Mason (murder mystery books and once popular television series).

The past ninety-nine years have seen many successful fundraising projects initiated by the Ventura Downtown Lions Club. The club has contributed to a variety of local organizations and individuals. A partial list includes camperships for deaf children, free eye exams for needy children, scholarships for local students, and annual Thanksgiving food baskets for families in need. Other organizations which have benefited are Food Share, Teen Challenge, Project Understanding, Habitat for Humanity, and Ventura's Westside youth. Sometimes, when money isn't enough, we roll up our sleeves and get to work. Examples include helping to improve Grant Park, selling and then donating living Christmas trees to help beautify our community, and distributing smoke detectors to homes in West Ventura.

Our club has founded two very important non-profit foundations for youth. The Cottage Home Foundation established in 1969, supports the Cottage Home, the only foster care home in the United States founded and supported by a local Lions Club. Since 1969 "over" two hundred children have been sheltered and nurtured by the Cottage Home. For over forty years, the Fred W. Smith Educational Foundation has granted interest free loans to worthy students in the community who wish to pursue a college degree.

Perhaps best of all, we have fun participating in our fundraising efforts while fulfilling the Lion motto "We Serve". A partial list of current projects includes our annual "Crab Feast", Vision Clinic, Tim Miskel Memorial Golf Tournament, and the annual East/West All Star High School Football Game.

The Ventura Downtown Lions Club is a perfect example of "the whole being greater than the sum of its parts." Each of us has special and unique talents and skills, that, when combined with the talent and skills of others, allows us to do more as a club than we could ever do as individuals.
